Desk Modular DM

Modular Desk DM is an excellent product for POS campaigns where bigger desk is needed. More easy transportable segments can be attached together by velcro to different shapes and sizes. According to the final composition transport bag can be of different size and weight, but generally should not exceed 120cm length and 26kg weight. One person can inflate two tubes of one segment within 5 minutes, total assembly time depends on number of segments. Skilled person would be able to assemble a desk with 6 segments and front banner alone completely within 15 minutes. Result is a great desk with solid top and bottom, transportable in a personal car. Inflatable tubes are air sealed, no permanent fan is needed after inflation. It is possible to place two shelves in between inflatable tubes of each segment, as well as, white or RGB light inside. Removable / changeable front cover can be printed in full color dye sublimation upon demand. There are three models available - DSB (straight desk), DSA (angled desk) or DSR (round desk). Just choose one which would fit you.

Pneu Seat PS

Set of table and chairs is not easy to transport in a personal car. If you are organizing a fair or small event, you need even more sets. Our seats can solve this problem easily. You can choose from 3 different kinds. PSC or PSU are "donut" type seats for more persons, to be coupled with tables. PSC fits to the special round fiberglass stackable table and offers comfortable place for 4 persons. As an alternative you can also use TSR80L inflatable solitaire table. PSU fits to our FLEXI pop-up Table, available in 3 sizes, offering place for 5 to 7 persons. PSI is an individual seat for 1 person, offering patented combination of air and polystyrol in very comfortable way. All types of seats can be printed in full color dye sublimation upon demand, tables can be branded with sticker.

Table Solitaire TS

Solitaire Table TS would help you for POP campaigns, as well as for small catering events. When folded, it is only a disc of 80cm diameter and 12cm height, weight of the bag is 14kg. There is an easy principle - inflatable piston is stretching a fabric between two solid circles. Just after a minute you will get a perfect promotion or catering table. Inflatable tube is air sealed, no permanent fan is needed after inflation. It is possible to place white or RGB light inside. Whole desk surface can be printed in full color dye sublimation upon demand.

There are two models available - TSR80 (solitaire table 110cm) or TSR80L (72cm version for use in a combination with PSC pneu seat).
