

# SXBR25 RECUMBENT

The SXBR25 is our entry level semi-recumbent bike with bright LCD screen, adjustable console angle, cooling fan, and mesh back seat. This unit also offers six programs with extensive console feedback. We've integrated a swivel fan, tablet friendly reading rack, accessory holder, and dual drink holders into the design for maximum convenience.

## **SXBR25** RECUMBENT

- Oversized 7.5" (190.5mm) bright blue LCD screen with separate Muscle Activation Profile and HR % Profile LED displays.
- Contact and wireless heart rate monitoring options make your workouts more effective (chest strap transmitter not included).
- Adjustable console angle, tablet friendly reading rack, and cooling fan for added comfort.
- Easy access fore/aft seat adjustment with large breathable mesh back seat.
- Step-through frame design for easy accessibility.
- Smooth and quiet drive system featuring sealed roller bearings, large diameter pulley, durable poly-v belt and heavy-duty flywheel.

# CONSOLE

As with any product, a major importance is the user interface. We focused on making everything easily accessible and comfortable: adjustable console angle, tablet friendly reading rack, and adjustable cooling fan to keep you encouraged to workout longer.
