NEW!!! \$10,750.00^{+GST}

Nu-Tek Shock Physio Unit Two-in-One-Unit

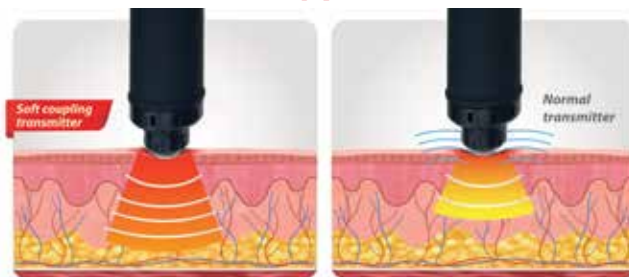

The Nu-Tek Shock Physio Unit uses EMB (Electromagnetic Ballistics) technology to offer powerful ESWT treatment and features built in guided protocols and the user friendly functions that has made the Nu-Tek range one of Australia's favourites.

Features and Benefits:

- » 60 - 185 mJ (1.0-5.0 Bar)
- » 1-32 Hz Frequency
- » Modern 7 inch touchscreen
- » Guided treatment protocols
- » The Two-In-One Unit comes with:
1 (one) coded hand piece and 1 (one) wireless hand piece and a stand for the one of the hand pieces

🔍 NUSHOCKPHY2

Shockwave Therapy

More Comfortable

The bionic head is made of special soft material to reduce acoustic impedance between the impact head and the skin. This allows energy to be quickly introduced into deep tissue, whilst allowing a small amount of energy to stay on the skins surface, which helps reduce pain on the skins surface.

More Precise

High powered electronic switches make precise control of energy output at a frequency of more than 10,000 times per second, ensuring that the energy of each shock can be accurately generated.

High Durability

The bullet is made of high-strength composite material, and the inner running conduit is coated with diamond material. The multiple designs ensure a service life of more than 5 million times.

Available as a Two-In-One-Unit or Four-In-One-Unit

The
Four-In-One Unit
comes with four
hand pieces -
1 x Corded
3 x Wireless

NEW!!! \$16,750.^{+GST}₀₀

Nu-Tek Shock Physio Unit Four-in-One-Unit

The Ultimate Shockwave for the busy clinic with the ability to provide 4 separate shockwave treatments simultaneously. Supported by the intuitive Nu-Tek base station, this unit offers the latest design and technology for the clinic that is ready for the future.

Features and Benefits:

- » 60 - 185 mJ (1.0-5.0 Bar)
- » 1-32 Hz Frequency
- » Modern 7 inch touchscreen
- » Guided treatment protocols
- » Comes with 1 (one) corded hand piece and 3 (three) wireless hand pieces and a stand for the one of the hand pieces

REPLAY ICE THERAPY SYSTEMS

REPLAY **NEW!!!**

\$800.00^{+GST}

REPLAY SPORT Ice Compression Therapy System with One Wrap

Designed to combine the benefits of intermittent compression and cold therapy for sports recovery. Wraps are sold separately. Available wraps include ankle, full leg, knee, half leg/thigh, shoulder, back/hip/rib and a universal wrap.

CODE:	DESCRIPTION:	PRICE:
REPSPOUNIT	Replay Sport Unit	\$800.00
REPSPOKNEE	Compression Wraps See Website for our full range	

ONE SPORT SYSTEM. WRAPS SOLD SEPARATELY*

- * Available Wraps:
- » Ankle
 - » Full Leg Knee
 - » Half Leg/Thigh
 - » Shoulder
 - » Back/Hip/Rib
 - » Universal Wrap

Intermittent Compression

Has been shown to be more effective than static compression with more efficient blood flow, helping push the swelling out of the system.

Cold Therapy

Cold therapy reduces inflammation and oedema (swelling), decreases muscle spasms, decreases metabolic demand, and can help relieve pain without narcotics.

Easy to Use

Simply press the power-on button to start the treatment. Temperature and treatment mode will show on the screen for a better control of treatment process.

Flexible Treatment

Pre-set 9 menus of pressure and time, from low to high and 20 minutes to 60 minutes, providing flexibility for the user to choose the best outcome for you needs.

A selection of wraps to choose from

The unit comes with a range of wrap types to fit different body parts, including shoulder, back, knee, leg, ankle and more.

REPLAY

ONE PROFESSIONAL SYSTEM WITH AIR PUMP. WRAPS SOLD SEPARATELY*

- * Available Wraps:
- » Ankle
 - » Full Leg Knee
 - » Half Leg/Thigh
 - » Shoulder
 - » Back/Hip/Rib

NEW!!! \$1,100.00^{+GST}
