BACK SUPPORTS

The McKenzie Method® is based on the premise that most musculoskeletal disorders of the spine and extremities, are mechanical in nature and most importantly, that 80% of sufferers are able to treat themselves and avoid recurrence.

McKenzie Signature Range...

All Signature Range lumbar rolls are made with superior injected moulded foam which retains its supportive qualities for an almost indefinite period. They are crafted from the finest materials, featuring a warm and luxurious suede-type fabric cover, complete with embroidery detail and removable, adjustable straps.

\$41.00

McKenzie Signature Round Lumbar Roll

Suitable for larger framed people, those with a pronounced lumbar lordosis (hollow in the base of the back) or smaller/medium framed people when sitting on softer furnishings like a sofa or armchair or sitting up in bed.

🔍 MCKSIGRLR

\$38.00

McKenzie Signature Super Lumbar Roll

Suitable for most body types. Particularly for those who are of small/medium build & or require firm support because of back issues. Also suitable for medium/larger build who require some firmer support in maintaining an upright posture.

🔍 MCKSIGSLR

\$38.00

McKenzie Signature Slimline Lumbar Roll

Suitable for most body types. Ideal for elderly or petite persons, with limited range of motion in their low back and/or those who require some light support in maintaining an upright posture. This is our least intrusive roll.

🔍 MCKSIGSLLR

More of the McKenzie Range...

\$52.50

McKenzie Cervical Roll

Constructed of low density foam for those who suffer from neck pain when lying down, or if your neck is worse when you wake up. Provides necessary support to the cervical structures. Maintains the natural curve of the cervical spine while sleeping on the side or back.

🔍 NCRM
