## EMILY BRAIDWOOD

PATENTED FOOTBED ENGINEERING

*Revolutionary  
Podiatrist Designed  
Insoles – Made for  
every shoe*

**\$28.00** Pair

### EMILY BRAIDWOOD INSOLE – HEEL

*Created to make wearing heels not simply bearable but enjoyable.*

- » Advanced HEXAGEL® X MEDIGEL® formula combines unparalleled cushioning technology with a sophisticated aesthetic
- » Hexagon design prevents that burning ball of feet sensation
- » Suitable for use in any shoe when the heel height exceeds 4cm

🔍 **EBHEELBK**

Available in:

● BLACK ○ CLEAR

**\$28.00** Pair

### EMILY BRAIDWOOD INSOLE – FLATS

*Designed to counteract the lack of fundamental support, structure and cushioning found in most fashionable flats, Emily Braidwood footbeds provide all day comfort & long-lasting relief from painful foot related conditions.*

- » Patented MEDIGEL® design provides unparalleled support to balance the entire foot
- » The air-infused, multi-height HEXAGEL® pods deliver comfort
- » Contoured arch with magical heel donut relieves sore heels and plantar fasciitis

🔍 **EBFLATBK**

Available in: ● BLACK ○ CLEAR

*Luxurious support and comfort without compromising shoe style or space*

*Perfect for people who are on on their feet all day, if you're an athlete or just love cute shoes!*

These are very comfortable and really help my plantar fasciitis.

★★★★ Kerry  
VERIFIED OWNER  
Review: 7 Sep 2022

Loving my Arch Support Thongs, wont buy any others. 5 stars for comfort!

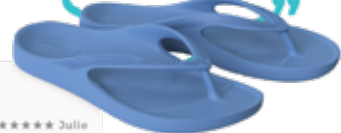

★★★★ Michelle  
VERIFIED OWNER  
Review: 27 Sept 2021

Best things I have ever worn. I have weak ankles & plantar fasciitis - these thongs do not make my feet ache. Amazing product!!

★★★★ Kirstyn  
VERIFIED OWNER  
Review: 11 Aug 2022

I am blown away by the difference these things have made. I have less back pain now.

**NEW!!!**

## LIGHTFEET THONGS

*Meet your new best friend this summer!*

Designed by Aussie Sports Podiatrists, the arch support thong provides all day comfort and support. Made from recycled materials, you can feel good about wearing thongs, that make you feel good.

- Contoured arch support for all day comfort
- Reduces joint stress with superior shock absorption
- Aligns your foot for improved muscle efficiency
- Stays on your foot, your toes don't need to constantly grip
- No plugs = No blow-outs

TRY THEM ON! You'll Love Them.

**F** Firm Density

**\$19.50**

Five Pairs

**M** Medium Density

## METATARSAL DOMES

Designed to support the transverse arch and reduce excessive metatarsal loading. Available in medium (blue) and firm (black) densities. Self adhesive.

🔍 FORMET 🔍 FORMD **S M**

- Mouldable Options
- Cater for specific bio-mechanical conditions

Designed specifically for fast, affordable, and effective use, our unique range of prescription orthotic products represents the extraordinary treatment solutions currently available for medical professionals and their patients. The VASYLI Medical Signature Series addresses specific biomechanical challenges —such as those involving 1st ray function, low-profile sports footwear, sensitive feet, or supination control.

**\$37.00**  
One Pair

## VASYLI FULL OR 3/4 LENGTH

Designed for high performance, this range provides both durability and solid bio-mechanical control. Red, high performance orthotics are ideal for athletes, high activity users and overweight patients.

## VASYLI DANANBERG

The worlds first professional orthotic device with removable first ray sections has been designed with Proximal and Distal plugs which can be removed individually or together as necessary. Makes treating 1st Ray Function easier.

🔍 VASDAN

XS S M  
L XL XXL

**\$33.50**  
One Pair

## VASYLI EASY FIT

This model features a lateral cut-away providing an easy fit into hard-to-fit footwear, including men's loafers and ladies (low-heeled) dress shoes & cleats. Ideal for both narrow and wide fitting footwear.

🔍 VASEF

KIDS S KIDS L  
XS S M L XL

Density:

M  
Medium

**\$43.50**  
One Pair

## VASYLI MCPOIL

Essentially, the orthotic incorporates a "dual density" approach using a softer density overlay material to allow for a "normal" amount of pronation, while preventing over or excess pronation with a higher density orthotic shell.

🔍 VASMCP

Density:  
XS S M L XL D  
Dual

**\$40.00**  
One Pair

## VASYLI PRIOR

Incorporates a subtle 4mm heel raise — perfect for those tight posterior muscles & associated conditions such as Achilles Tendinitis. The rear foot post of 3 degrees + the 4mm raise forms a smart medial wedge giving control without the “bulk”.

Q VASPRI XS S M L XL

**\$43.50**  
One Pair

## VASYLI ARMSTRONG

The VASYLI + Armstrong II sensitive feet shear-reducing orthotic features the same patented GlideSoft technology as the original VASYLI + Armstrong diabetic orthotic but with a wider forefoot profile, making it suitable for extra-wide footwear.

Q VASARM XS S M L XL XXL

**\$43.50**  
One Pair

## VASYLI HOKE

The Vasyli – Hoke is designed for supination control. Its unique design helps control a Pes Cavus foot type.

Q VASHOK XS S M L XL

**\$22.50**  
Pack of 5 Pairs

## VASYLI HEEL LIFTS

Reduces stress on the Achilles tendon, lower leg structures, Equinus conditions etc. Available in thicknesses of 4mm, 6mm & 8mm in Small, Medium & Large.

Q VASHL S M L

**\$28.00**  
One Pair

## VASYLI SHOCK ABSORBER

Gives you excellent comfort, biomechanical control and lasting pain relief. Uses high-energy shock-absorption PU and Carbon technology.

Q VASSA XS S M L XL

**\$33.50**  
One Pair

## VASYLI SLIMFIT

Specifically designed to fit ladies fashion shoes. The flexible base allows for easy contouring of the shank of the shoe. The rear foot angle is reduced to 2 degrees due to the “high heel factor” whose action inverts the foot as the heel is raised.

Q VASSF XS S M

**\$33.50**  
One Pair

## EXTENDED SLIM FIT

Designed to fit ladies fashion shoes and high-heels. The flexible base allows for easy contouring of the shank of the shoe. The rear foot angle is reduced to 2 degrees due to the “high heel factor” whose action inverts the foot as the heel is raised.

Q VASESF XS S M L

**\$25.00**  
One Pair

## VASYLI DIABETIC

Vasyli Low Cost Diabetic orthotic is Dual Density designed to protect sensitive feet from excessive pressure.

Q VASDIA30 S M L XL XXL

**\$31.00**  
One Pair

## VASYLI HEEL PAIN STABILISER

Specifically designed to provide instant relief from painful heel conditions. Designed for hard to fit footwear where other orthotics may be too bulky.

## PROSTEP – FULL LENGTH

### Pronating Low Arch Foot

Prostep is designed to restore the natural position of the talus by supporting the inside edge of the heel and supports the spring ligament. This resists the valgus rotation of the rear foot, which is associated with pronation. Also features the Integrated Posting System (IPS). This allows greater control of pronation. Posts of 0 degrees, 3 degrees and 5 degrees are provided with each pair.

XS S M L XL XXL

TALPSFB

## ELEVATORS – HEEL LIFTS

Adding the TRIO Elevator (or heel lift) can help reduce the stress on the Achilles Tendon and relieve pain associated with Achilles Tendonitis and Sever's Disease. When a structural short leg is present an Elevator can be applied. Manufactured from extra firm density to prevent wearing out or crushing. Available in 4mm, 6mm, 8mm, 10mm, 12mm and 15mm heights.

**comffit COMFFIT ELEVATORS MOULDED HEEL LIFTS**

**Key Features:**

**Maintain their shape over time**

Regular heel inserts can 'wedge' or malform after a limited period of use, making them ineffective. In contrast, Comffit Elevators are made with a material that resists getting misshapen. They will last 5 times longer than regular heel lifts!

**More stable in the shoe**

The unique moulded design features a flatter surface at the point of most impact, while the lip shape cups the heel and helps prevent slippage in the shoe.

**Shock absorption + lift**

A carefully selected density provides shock absorption, reduces pressure on the heel bone yet provides genuine and stable lift to the heel.
