Hazardous ingredients:

none

Section 4: First aid measures

4.1 Description of the first aid measure

After inhalation

Not applicable

After skin contact

Not applicable

After eye contact

Not applicable

After ingestion

Not applicable

4.2 Most important symptoms and effects, both acute and delayed

No further relevant information

4.3 Information on immediate medical assistance or special treatment

No further relevant information

Section 5: Firefighting measures

5.1 Extinguishing agent

Not applicable

5.2 Special hazards arising from the substance or mixture

No further relevant information available

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

5.3 Instructions for firefighting

No special measures required

Section 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Not required

6.2 Environmental protection measures

No special measures required

6.3 Methods and material for retention and cleaning

Absorb with liquid-binding material (sand, diatomaceous earth, acid binder, universal binder, sawdust)

6.4 Reference to other sections

No hazardous substances are released. For information on safe handling, see point 7

For information on personal protective equipment, see point 8. For information on disposal, see point 13.

Section 7: Handling and storage

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

Created on: 19.01.2022

7.1 Protective measures for safe handling

No special measures required

Measures to protect against fire and explosions

No special measures required for intended use

7.2 Conditions for safe storage in consideration of Incompatibilities

Information on the storage conditions

None

Requirements for storage rooms and containers

No special requirements

Storage class: none

7.3 Specific end uses

No further relevant information available.

Section 8: Exposure controls / Personal protective equipment

8.1 Parameters to be monitored

Components with limit values that require monitoring at the workplace:

Additional notes: The lists valid at the time of creation serve as a basis

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

8.2 Exposure controls and monitoring

Individual protective measures - personal protective equipment

Eye / face protection

Not required

Skin protection

Not required for intended use

Gloves

not required

Other skin protection

Not required

Respiratory protection

Not required

Limiting and monitoring environmental exposure

The usual precautionary measures for handling chemicals must be observed

Section 9: Physical and chemical properties

9.1 Information on the basic physical and chemical properties

Physical state: liquid

Visual evaluation: Clear liquid, sometimes slight turbidity

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

Color evaluation: Light yellow to brown, light green to green

Odor: characteristic

pH value (potentiometric measuring method): 3.9-7.2 or not applicable

Relative density (Anton Paar DMA 501) [g/ml]: 0.83 - 1.326

Refractometry (Anton Paar Visco QC 300): 1.28-1.48

Flash point (based on ISO 3679): >100 °C Microbiology

(based on ISO 17516):

Total number of aerobic mesophilic bacteria /g Method: ISO 21149:2022-08	< 10
Total number of yeasts and molds /g Method: ISO 16212:2022-08	< 10
Total number of aerobic mesophilic microorganisms (bacteria + yeasts + molds) /g Method: Calculated according to ISO 17516:2014-10	< 10
Non-specified microorganisms (also includes gram-negative bacteria such as <i>Pluralibacter gergoviae</i> and <i>Burkholderia cepacia</i>) /1g Method: ISO 18415:2022-08	not detectable
Specified microorganisms (<i>Pseud. aeruginosa</i> , <i>E. coli</i> , <i>Staph. aureus</i> , <i>Candida albicans</i>) /1g Method: ISO 18415:2022-08	not detectable

9.2 Other information

No further relevant information available.

Section 10: Stability and reactivity

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

No known hazardous decomposition products
-

Section 11: Toxicological information

11.1 Information on toxicological effects

Acute toxicity

No irritant effect known

Corrosive/irritant effect on the skin

No known irritant effect

Serious eye damage/irritation No irritant effect known
Respiratory or skin sensitization No sensitizing effect known
Germ cell mutagenicity

No data available

Carcinogenicity

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

No data available

Reproductive toxicity No

data available

Specific target organ toxicity after single exposure

No data available

Specific target organ toxicity with repeated exposure

No data available

Aspiration hazard No

data available

11.2 Additional toxicological information:

The product is not subject to classification according to the calculation method of the General Classification guideline for preparations of the EC in the latest valid version.

According to our experience and the information available to us, the product does not cause any adverse health effects when handled properly and used as intended.

Section 12: Environmental information

12.1 Toxicity

No further relevant information available

12.2 Persistence and degradability

No further relevant information available

12.3 Bioaccumulative potential

No further relevant information available

12.4 Mobility in soil

No further relevant information available

12.5 Result of the PBT and vPvB assessment

Not applicable

12.6 Other harmful effects

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.

Section 13: Disposal instructions

13.1 Waste treatment processes

Recommendation

Not applicable

Disposal in accordance with official regulations

Waste code according to the Waste Catalogue Ordinance (AVV)

07 06 99 wastes not otherwise specified

Information on the European Waste Code Number

In accordance with EU Directive 2000/532/EC in conjunction with Directive 75/442/EEC, the assignment of a waste code number must be made on a sector-specific basis. The classification given above is therefore only a possible recommendation.

Uncleaned packaging

The recommended cleaning agent is water, with the addition of cleaning agents if necessary

Section 14: Transport information

14.1 UN number

Not applicable

14.2 UN proper shipping name

ADR/RID

Not applicable

IMDG-Code / ICAO-TI / IATA-DGR

not applicable

14.3 Transport hazard classes

not applicable

14.4 Packaging group

not applicable

14.5 Environmental hazards

Not applicable

14.6 Special precautions for the user

Not applicable

14.7 Transport in bulk according to Annex II of MARPOL and the IBC Code

Not applicable

Section 15: Legislation

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

National regulations e.g.

Classification according to the Ordinance on Industrial Safety and Health (BetrSichV)

15.2 Chemical safety assessment

Safety data sheet according to Regulation (EC) No. 1907/2006

Indicator: [s] country-, location- and customer-related; [a] country-, location- and customer-related.
