

## Cleaning

**Monthly cleaning is recommended to keep the unit running at an optimum level.**

A buzzing noise is not uncommon and is caused by contamination on the ionizer brush. This can typically be stopped by a quick blast of air from your mouth or from canned air into the back left corner inside the unit.

**CAUTION:** Avoid using any liquid (besides isopropyl or rubbing alcohol) to clean the unit. Getting your unit's internal components wet will permanently damage the unit, rendering it useless and will void the warranty.

**NOTE:** Turn the unit OFF and remove the Power Cord before any cleaning or maintenance.

**Unit Exterior** – Wipe down with a damp cloth, no chemicals.

**Unit Interior** – Remove the unit cover. Lift the filter out of the unit and replace if necessary. Use compressed air to blow the fan area out. Remove the PCO Cell Cover and use compressed air to blow this space out before returning the covers.

## Maintenance

This unit requires no maintenance, other than the suggested monthly cleaning and yearly part replacement. If you are experiencing any technical issues, please visit our website and submit a contact form or call us.

GreentechEnv.com or 1-800-957-1136

**NOTE:** Turn the unit OFF and remove the Power Cord before any cleaning or maintenance.

**Filter Replacement** – Remove the unit cover. Remove and dispose of the used filter and replace it with your new filter. Replace the unit cover.

**PCO Cell Replacement** – Remove the unit cover and PCO Cell Cover. Grab the edges and lift straight up to remove the used PCO Cell, then replace it with your new PCO Cell, orienting the connection points on the correct side before sliding down into place. Replace the PCO Cell Cover and unit cover.

## Warranty

Your Greentech Car Purifier is warranted to be free from all defects in material and workmanship in normal household use for a period of 1 Year from date of purchase. The warranty is granted only to the original purchaser and members of his or her immediate household. The warranty is subject to the following provisions. Any damage or malfunctions caused by negligence, abuse, or use not in accordance with the Owner's Manual are not covered by this warranty. Likewise, any defects or damages caused by unauthorized service are not covered. Greentech Environmental will, at its option, repair or replace a defective Air Purifier that is covered by this warranty. As a matter of policy, Greentech will not refund the customer's purchase price. To obtain warranty service you must return the defective Air Purifier along with proof of purchase to Greentech. All transportation charges on parts, or units, submitted under this warranty shall be borne by the purchaser. Unless this warranty is expressly renewed or extended by Greentech, any repaired or replaced part of the unit shall be warranted to the original purchaser only for the length of the unexpired portion of the warranty.

### FURTHER LIMITATIONS AND EXCLUSIONS ARE AS FOLLOWS:

Any warranty that may be implied in connection with your purchase or use of the Air Purifier, including any warranty of merchantability or any warranty for Fitness For A Particular Purpose is limited to the duration of this warranty. Some states do not allow limitations on how long an implied warranty lasts, so the above limitations may not apply to you. Your relief for the breach of this warranty is limited to the relief expressly provided above. In no event shall Greentech be liable for any consequential or incidental damages you may incur in connection with your purchase or use of the Air Purifier. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

- Unplug unit before any cleaning or maintenance.
- This unit is not intended for outdoor use.

### What's Included

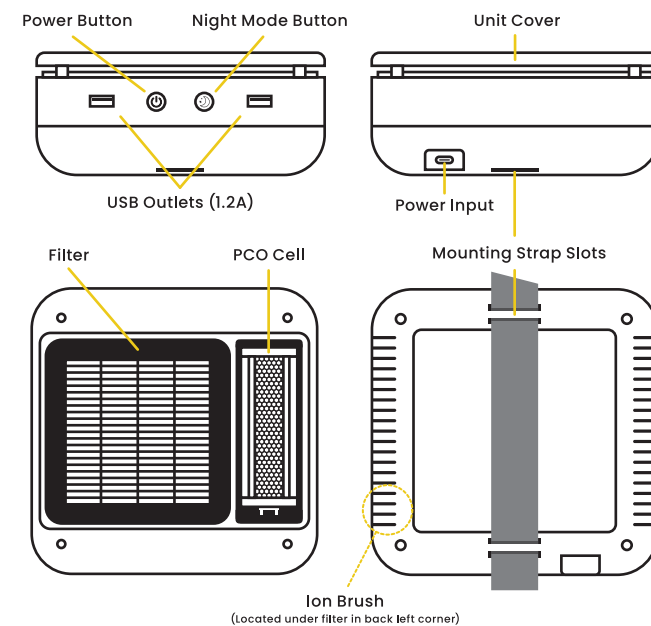

- Car Purifier Unit
- Anti-Slip Pad
- Mounting Strap
- USB-C Power Cable\*
- Additional Filter

\*Adapter Not Included

### Specifications

- Dimensions: 6.33" x 6.33" x 2.5"
- Weight: 1 lb
- Wattage: 3.9W
- Positive Ions: Greater than 3 million PPM
- Negative Ions: Greater than 3 million PPM

### Diagrams

### Initial Setup

Decide between a dash mount or hanging mount.

#### Dash Mount – Uses Anti-Slip Mat

1. Remove the protective film from the anti-slip mat and apply to the bottom of the unit in the provided space.
2. Plug the USB-C Cable into the rear of the unit and then connect to your power source. (Adapter Not Included)

#### Hanging Mount – Uses Mounting Strap

1. Place the strap through the rear mounting slot (outside edge to inside) and then through front mounting slot (inside edge to outside).
2. Place the strap ends around your headrest (or other location that you want to mount the unit to) and then place the cut end through the open clasp end.
3. Pull the cut end through until the unit is securely in place, then close the clasp to lock it.
4. Plug the USB-C Cable into the rear of the unit and then to your power source. (Adapter Not Included)

### Operation

**NOTE:** After turning your unit ON for the first time, it will automatically turn ON/OFF as you do the same with your vehicle.

**NOTE:** After 6 hours of continuous operation, the unit will turn OFF. This timer will reset after the unit is turned ON/OFF again.

#### **Power ON/OFF**

HOLD the Power Button for 3 seconds to turn the unit ON/OFF.

**NOTE:** The unit will automatically turn ON/OFF when the vehicle is turned ON/OFF.

#### **Night Mode – Turns LEDs OFF**

Press the Night Mode Button to turn the UV Lights OFF and dim the control lights. The filtration and ionization will remain ON.

#### **USB Power**

Use the (2) 1.2A USB outlets on the front of the unit to charge your electronic devices.

#### **Mute Unit Buttons**

To turn the unit's audible beeps OFF, long press the Night Mode Button for 10 seconds.
