So, you have some dated Proof Frames lying around? Feel good about recycling your outdated frames and receive 50% off your next pair. We'll even take your broken frames! Recycling has never been so good. If your old specs are still in good shape, we'll donate them to a person in need on our next Do-Good adventure. If they've experienced an "oops" situation (i.e. mud-wrestling mishap, too strong of a hug, etc.) we'll still buy them back! In that situation, we'll recycle them by reusing the metal parts, melting down the acetate and grinding up the wood to make new frames, or by processing components at our local recycling facility. You must return at least 90% of the frame to qualify. Please visit iwantproof.com/recycle to learn more about how the program works.
