

PLASTISOLV 810

ON PRESS CLEANER

PlastiSolv™ 810 Press Wash is a workplace approved, 100% active, odor free plastisol ink remover which can be used at the press and in the reclaim area. PlastiSolv 810 cuts ink lighting fast and dries quickly for on press color changes, screen opening or saved screens.

SPECIAL FEATURES:

- PlastiSolv 810 has a citrus odor which makes the job of color changes and screen reclaiming much more pleasant.
- PlastiSolv 810 will not “lock in” emulsions and films which allow for quick, easy reclaiming.
- PlastiSolv 810 may be applied manually or recirculated through the EasiFlo System, or in an enclosed automatic screen washing system, providing superior product life and economy.

APPLICATION FOR USE:

- Scrape all excess ink from screen.
- Apply PS 810 by squirt bottle, pneumatic sprayer or rag to the ink side of the screen.
- Thoroughly agitate ink with a rag or a scrubber, then wipe up all dissolved ink.
- Reapply if necessary and follow with a dry rag, wipe on both sides of the screen.
- The screen will be ready for printing or tape application within 10-15 seconds.
