

# EASISOLV 601

## SCREEN WASH & STAIN REMOVER

EasiSolv 601 Screen Wash and Stain Remover is a low-odor solvent formulated specifically to target the newest generation of water-based inks and stains from printing mesh. In addition conventional/solvent, UV, electronic, water base, and plastisol inks are also quickly dissolved with EasiSolv 601. This product is non-hazardous and eliminates odors and mesh damage normally associated with aggressive solvents and caustic stain/haze removers.

### SPECIAL FEATURES:

- EasiSolv 601 dissolves all inks and ink stains quickly, allowing mesh to be rinsed clean with water.
- EasiSolv 601 degreases as it dissolves inks, eliminating the additional step and expense of degreasing chemicals.
- EasiSolv 601 is a low odor product, providing a more pleasant environment for employees.
- EasiSolv 601 is non-flammable (flash point of 195°F) which makes it safer for handling, storage and rag disposal than conventional screen washes.
- EasiSolv 601 contains low-foam, biodegradable detergents which contribute to superior ink and stain removal, while providing complete rinsability with water.
- EasiSolv 601 may be applied manually or recirculated through the EasiFlo™ System, or in an enclosed, automatic screen washing system, providing superior product life and economy.
- EasiSolv 601 may be applied to a wet screen for use as a stain remover, without causing damage to the mesh.

### APPLICATION FOR USE AS AS SCREEN WASH:

- Scrape excess ink from screen.
- Apply EasiSolv 601 to the (well) ink and print side of the screen. Scrub if necessary.
- Squeegee excess off screen.
- Using a good high pressure washer, spray rinse the screen starting at the bottom of the well side and work up. Give good attention to the image area of the screen. Rinse the print side of the screen.
- Apply an Easiway Systems approved emulsion/stencil remover. The screen will now be ready for reuse. (no need to use an additional degreaser).
- If stubborn stains remain, apply EasiSolv 601 as a stain remover and high pressure rinse.

### PHYSICAL AND CHEMICAL DATA:

**Appearance & Odor:**

Clear, slight yellow liquid

**Specific Gravity:**

1.003 @ 20° C / 68° F

**pH:**

Not Determined

**VOC:**

No Data Available

**Flash Point:**

91° C / 196° F

**Ink Types:**

Conventional/Solvent

UV

Electronic

Water Base

Plastisol

**Product Family:**
