

# coco creme lip balm diy kit

Take your tastebuds on a tropical, coconut awakening with this all-natural lip balm that keeps lips hydrated and soothes the damaging effects of the sun. Lips will be feelin' smooth and kissably soft.

## ready set prep.

Cover your workspace and gather all your materials. Check off the list below to make sure all your tools are clean and ready for making!

### kit supplies from makesy

- 3x kraft lip balm tube 9 ml
- 3x product label
- 1x all natural lip balm base, 1 oz
- 1x virgin macadamia nut oil, 10ml
- 1x natural coconut cream flavor, .06oz
- 1x 1.7oz borosilicate glass beaker
- 1x disposable spatula

### additional tools needed from your home

- microwave

## ingredient highlights.

Macadamia nut oil is rich in oleic acid (an omega-9 fatty acid) which helps to soothe inflammation and reinforce the skin barrier to improve hydration!

carcinogen-free.

phthalate-free.

cruelty-free.

toxin-free.

sulfate-free.

m \_

happy making!

## steps.

**step one:** add your 1 oz of lip balm base to your 1.7oz borosilicate glass beaker and microwave for 30 seconds at a time until completely melted.

tip: stir between each 30 second interval for best results!

**step two:** add your 10ml virgin macadamia nut oil. Microwave for an additional 30 seconds.

tip: use the back of a butter knife to remove the plug for easier pouring

**step three:** add your natural coconut cream flavor and mix with your disposable spatula.

tip: try not to daydream of a tropical paradise once you smell the coconuts ;)

**step four:** while still warm, pour your mixture into your 3 lip balm tubes. Be sure to fill to the top for best results.

tip: be careful spill on your tube, the oil will stain the paper

**step five:** chill out. Let your lip balms fully set on a flat surface for at least 24 hours.

tip: you can speed the cooling process by moving your tubes into the fridge for 1 hour once they're hardened enough to move.

**step six:** close your tubes and apply the provided labels.

## directions for use.

Apply a small amount to lips. Reapply as necessary.

## ingredient listing.
