

San-O-Dent

Anti-bacterial Anti-fungal

Anti-viral Anti-inflammatory

Cell-Repairing Non-toxic

Dental DISINFECTANT

San-O-Dent is a revolutionary dental care product that is specifically designed for all dental applications, including cleaning dental equipment such as retainers and toothbrushes at home, gargling and rinsing your mouth for treating oral conditions or infections as well as medical space applications. It is a hypochlorous acid-based solution, which is the preferred dental anti-septic and disinfecting agent according to the South Africa Dentistry Association (SADA).

Benefits of San-O-Dent

- Completely natural
- Safe and effective for all dental applications
- Kills harmful bacteria and viruses
- Can be used on ulcers and cold-sores
- Non-toxic and non-irritating to the oral tissues
- Alcohol-free and gentle on sensitive teeth
- Suitable for all dental conditions

Applications

- Dental cleaning and disinfection in dental practices
- At-home dental equipment cleaning and disinfection
- Mouthwash for daily oral hygiene and fresh breath
- Treatment of oral conditions or infections such as gingivitis, halitosis, periodontitis, mouth ulcers, and more.
