

The School of Making

VIRTUAL WORKSHOP

Embroidery Techniques with Beads with Sunne Meyer

Friday, May 3, 2024
11:00am – 1:00pm CT

This workshop features discussion of the physics of hand-sewing, beaded embroidery stitches, and an overview of garment construction. Participants will learn how to incorporate beads and sequins into sewing projects, as well as how to use the die-cut grids in *The Geometry of Hand-Sewing* to practice and develop embroideries. Kit options include the Stripe Scarf and Stripe Poncho, which feature the variegated stripe stencil, ideal for exploring various embroidery techniques.

EMBROIDERY WORKSHOP ITINERARY

11:00am - 11:15am: Intro + The Geometry of Hand-Sewing

11:15am - 12:30pm: Embroidery Stitches

12:30pm - 12:45pm: Overview of Garment Construction

12:45pm - 1:00pm: Questions + Sewing

DETAILS

MATERIALS

For your workshop we recommend having the following items on hand: your workshop kit, straight pins, a pair of sharp scissors, and assorted needles. You will also need a copy of *The Geometry of Hand-Sewing* (not included).

WORKSHOP KIT

The workshop kit will have your selected project, thread and/or floss, and a stitch sampler. Please submit your selection at least two weeks before the workshop (three weeks if international). You will be provided with a tracking number upon shipment.

FOLLOWING THE WORKSHOP

Following the workshop there will be a wrap up email with a 20% off discount code, links to download the workshop recording, and notes of items mentioned during the workshop.
