2X WOODEN SPOON/SPATULA
SCISSORS
FRIDGE/FREEZER
MICROWAVE

YOU WILL NEED

WHAT IS TEMPERING?

The process of melting chocolate to the right temperature to make sure your chocolate sets, shines and has a crisp snap.

INSTRUCTIONS

Here you will find all the information you should need to make the perfect mobile phone and lollies.

Before you start you must.

- 1.WASH YOUR HANDS
- 2.WATCH THE YOU TUBE VIDEO.
- 3.IF YOU HAVE A BANDANA PUT IT ON!
- 4.TIME TO BECOME A CHOCSTAR!

Melt the White and Milk Chocolate.

1. Empty 2/3 of the chocolate into a bowl saving 1/3 of the buttons as back up to cool the chocolate down to the correct temperature should you need to.
2. Heat the chocolate in the bowl for 15/30 seconds on full power.
3. Stir thoroughly.
4. Repeat until 70% of the buttons have melted.
5. Continue stirring for at least 2 minutes until the remaining chocolate buttons have melted.
(The remaining 30% of solid buttons will cool the 70% of melted chocolate to create 100% cool liquid chocolate.)
6. Add remaining chocolate buttons (if necessary) and continue stirring until they no longer melt and the chocolate is distinctly cool on your lip.
7. How to double check your chocolate is tempered—
Splash some onto a piece of greaseproof paper, it should solidify/set within around a minute at room temperature.

(switch to a cool owl if using glass or porcelain)

Lollipop making..

You will need greaseproof paper, lolly sticks and piping bags.
Fill your piping bag with the same method as before but this time with milk chocolate.

Cut a 2mm hole.

3. Pipe the outline of a shape of your choice then completely fill.
4. Add your lolly stick. Place half the stick in the lolly flat and roll on its side so the part of the stick which is in the lolly is covered. Shake gently.
5. Next you need to pipe the detail. Using the same method as before to pipe the white detail on your lolly. You could write your name or create some emoji faces. Get creative!
6. Lollies should set at room temperature, if not pop them in your fridge/freezer to speed up the process.

CONGRATULATIONS! YOU ARE NOW A CHOC STAR!

Write your name on your certificate, take a snap of your creations and tag us in your photo!
