# SPRING MANIFESTATIONS

I am deserving of everything I hope and dream of.

I am at the right place, at the right time, doing the right thing,

I willingly release old thinking patterns based on fear and doubt and allow

new ones based on love and self-confidence.

I am amazed by all I can achieve in a day.

Achieving my goals is getting easier and easier.

Miracles happen to me all the time.

Everything is rigged in my favor.

It is safe for me to take actions that I have never taken before.

I now choose to take action over waiting for perfection.

Today doors of opportunity are opening for me.

I feel fresh, rejuvenated, and recharged.

I am inspired to reach my goals.

I am equipped to overcome any obstacles that stand in my way.

I release my past failures and embrace the possibilities of today.

I love and accept myself because I am worthy.

Even when the world around me feels chaotic,

I remain rooted firmly to the ground.

I am always supported and protected.

I am the only one who gets to determine how I feel.

I appreciate my ability to remain calm and peaceful in all situations.
