How it works ?

Frequently asked questions

How it works

Sharpen some shavings on your plates, over your desserts or drinks as you serve.

How many shavings per serving?

5 to 10 shavings per plate.
1 or 2 shavings per bite size serving or on a drink.

Shelf life and preservation

Food Crayon lasts up to 12 months. See date on the tube. Once open, keep them in their tube in the fridge.

What are the ingredients?

3 kinds of natural ingredients :

- **For the taste** : we do our own infusions, adding spices, fruit purees, vegetable juices or pepper pulps...
- **For the texture**, we use agar, a vegan gelling agent extracted from seaweed.
- **For the natural preservation**, we add apple cider vinegar and salt.
