

**EVERYWHERE**  
ALWAYS CONNECTED

# inReach<sup>®</sup> Mini 2 by Garmin<sup>®</sup>

SAFE—CONNECTED—PROTECTED

**THE BEST OF BOTH WORLDS:  
GARMIN HARDWARE, EVERYWHERE SOFTWARE**

*The Garmin inReach Mini 2, a small, compact satellite communicator, when combined with EVERYWHERE's purpose-built enterprise software and intelligent routing, enables organizations to track and communicate with their teams deployed around the globe.*

The inReach Mini 2, when combined with EVERYWHERE's suite of purpose-built software solutions, provides the safety, connectivity and productivity tools for government and enterprise organizations with people and assets deployed globally. Like all EVERYWHERE solutions, the inReach Mini offers critical SOS functions and messaging capability, whether in standalone mode or paired via Bluetooth to the EVERYWHERE smartphone app.

Using intelligent routing, users can seamlessly transition between cellular and satellite for always-connected service when paired with the EVERYWHERE app. Integrated with the EVERYWHERE Hub, the inReach Mini 2 enables users to communicate with their team in the field, or in the office, no matter where on the planet they are located.

inReach Mini 2 is tough, durable, impact resistant (MIL-STD-810) and water-rated to IPX7. The internal, rechargeable lithium battery gives you up to 14 days use at the default 10-minute tracking mode.

 **iridium**<sup>®</sup> powered by **GARMIN**<sup>®</sup>
