Crunchy textures, perfect browning and optimal dehydration

The active humidity extraction system **DryOut** achieves food with a brown appearance and a crunchy texture. You can also dehydrate it while maintaining its full flavour.

Dense steam generation in just 45 seconds

MultiSteam is the revolutionary steam-generation system, the fastest on the market. Enjoy cooking with dense steam from 30 °C and in just 45 seconds, all without any maintenance costs.

Three cooking modes: convection, mixed and steam

Accurate and controlled cooking

High-volume creations with homogeneity and uniformity

It adds the necessary
moisture for desserts,
pies, spongy cakes...

The most efficient automatic cleaning system included

MyChef Bake includes the smart MyCare autocleaning system, which automatically eliminates any kind of dirt, without supervision, and with the most economical cost-per-wash ration available on the market.

Control the oven with your voice

With Mychef Bake you can **control your oven's activity** and **change parameters remotely** using your phone. It also **works with Google Assistant**, which enables you to cook solely using your voice.

Switch it on, off, ask it for the inside temperature or how much cooking time remains. All without stopping what you are doing. Ask it to do these and many other actions with a simple "OK Google". Unbelievable, right?
