

township[®]

ABOUT TOWNSHIP[®]

Township[®] has been supporting women entrepreneurship in township communities in Cape Town since 1997. Today, a network of seven autonomous cooperatives employs 70 women and produces a wide range of fair trade shopping and branded corporate or congress bags.

Township[®] eco-friendly, reusable, durable bags are trendy alternatives to plastic bags. Our bags are made out of 100% natural African cotton, jute / cotton or recycled PET fabric.
