# Walking Aids

## 10% off ALL Walkers!

Walking aids are great for disabled, injured or elderly people with reduced mobility, who need assistance walking. Walking aids improve balance and increase stability, providing a way for the user to safely and independently walk without the need of assistance from a carer. We stock a range of walking aids, such as walking frames, seated walkers, rollators, folding walkers, knee walkers, canes and crutches.

## Chairs

### Ellis

Exclusive to  
Open Mobility

**PETITE,  
REGULAR  
& TALL**  
**\$2,690**  
WAS \$3099

Lift chairs are a great aid to assist users in transitioning safely between standing and sitting. The user is fully supported by the chair in the standing position and can safely lower themselves down into sitting, increasing their independence, helping to prevent falls and reducing strain on the body. The reclining function allows the user to find a comfortable position and adjust as necessary, helping to increase circulation.
