

SupaScooter® SupaLite 4

TURNING VISION INTO REALITY

The new fully featured SupaLite 4 encompasses everything you could wish for in portable mobility. With four wheel stability providing a maximum level of safety. And a clever one piece flat-pack folding design which sets a new benchmark for compact storage. The ingenious speed reduction system virtually eliminates rollovers when turning. The pneumatic rear wheels and comfortable seating also ensure a level of comfort rarely experienced with compact portable scooters. Weighing only 14.3kg (when disassembled) the Supalite 4 lives up to it's name of being ultra-light.
