## MEASURING YOUR RING SIZE

For the most accurate result:

- Ensure this page is printed on standard A4 paper
- Ensure that page scaling is set to 'none' in your printing options
- The ring sizer on this document needs to be 89mm long

### OPTION ONE: MEASURING YOUR FINGER

- Print and cut out the marked ring sizer as shown below
- Wrap the ring sizer around the ring finger with the marked side visible to you
- Note down the letter that is the closest to the slit on the fatter end - that is your ring size

### OPTION TWO: MEASURING YOUR RING

- Print this sheet. For this method you only need to focus on the circles below
  - Select a ring that fits the intended finger properly
- Place the ring over the circles until the inside of the ring matches one of the below circles
  - If your ring falls between two sizes, select the larger one
