

African Hardwood - Side Grain

Last Revised 2/12/2019 - A&D

PRODUCT DESCRIPTION

African Hardwood Side Grain tabletops are made from recycled industrial shipping pallets. When de-constructed, there are many species-wood that come in a wide variety-colors and textures. Colors can range from cream whites, golden yellows, amber, mahogany and various brown tones. Grain can be straight, interlocked and wavy, have high luster, and figure. Some reclaimed marks you might find includes nail holes, staining and surface checking.
