

# Eastern Black Walnut - Plank

Last Revised 2/12/2019 - A&D

## PRODUCT DESCRIPTION

Eastern Black Walnut Plank (or face grain) tabletops are built with parallel strips of wood typically 4" to 6" wide, but vary in width depending on availability. Eastern Black Walnut ranges in color from creamy white and light brown to medium chocolate brown, which develops a rich patina as it ages. The grain pattern is generally straight but can have curly grain that produces an attractive and decorative figuring. On extra long pieces, sometimes it is necessary to include staggered butt joints.
