

Pacific Madrone - Side Grain

Last Revised 2/18/2019 - A&D

PRODUCT DESCRIPTION

Pacific Madrone Side Grain tabletops are built with the edge grain facing up in parallel strips typically measuring between 3/4" and 1-1/4" wide. Side grain construction makes a hard and stable surface ideal for tables, islands and counter tops. The top surface shows the natural pattern and swirls of the wood creating an elegant look. Pacific madrone, a Northwest wood has colors varying from creamy white to light reddish-brown. Madrone has fine grain and very little texture.

SPECIFICATIONS

STANDARD SIZING

1 1/2" thick

Sized to your specifications

Rounding, shaping, and cutouts are available upon request

MATERIAL AND SURFACE

Janka hardness scale of 1460

Side grain tops are built with the edge grain facing up in parallel strips typically measuring 3/4" to 1-1/4" with random staggered butt joints
