

# Multi-Level Wall Cladding

## PRODUCT DESCRIPTION

Multi-Level Wall is made from Douglas fir reclaimed from solid and glue laminated beams and lumber. These are taken from deconstructed industrial, agricultural, and residential buildings in the Pacific Northwest. Multi-Level Wall material comes in three thicknesses, 1/2", 5/8" and 3/4", giving it a dimensional look. It has tongue and groove sides with beveled edges. Standard reclaimed marks may be apparent.
