

<b>THE MALT</b>	<b>BEST Oat Malt</b> is produced from “naked” oats, free of husks. The oats provide a velvety mouth feel that can create not only a slight nutty, oaty flavor, but also fruity aromas and a stable cloudiness when used in larger concentrations in the grain bill. The higher share of lipids in the grain slightly influences the stability of the foam, while the lower starch leads to lower extract levels. Oat malt is rich in folates, vitamins B6 and E.
<b>USE</b>	For oat beer, oatmeal IPA, oatmeal Stout, dark beers and Winter Beer
<b>RATE</b>	50 % of the grainbill
