

# WHICH OUTRIGGER SYSTEM IS RIGHT FOR YOU?

## COASTAL

- I want a multi-purpose kingfish rod holder, shade mount, and outrigger mount.
- I want to pull multiple lures.
- I want to add shade and kingfish rod holders to an existing outrigger system.
- I want to collapse my outriggers easily for storage and towing.

## DELUXE

- I want outrigger positioning controlled beneath the hard top.
- I want a lighter-weight outrigger system.
- I want to pull multiple lures.
- I want outriggers compatible with shade.
- I want outriggers up to 18', with collapsible or fixed-length poles.
- I want the option of externally or internally rigged halyards.

## BLUEWATER

- My boat is over 30'
- I want outrigger positioning controlled beneath the hard top.
- I want a heavy-duty base with maximum durability.
- I like big-game fishing.
- I want to high-speed troll.
- I want to pull a dredge from the outrigger.
- I want to pull multiple lures & taglines.
- I want outriggers compatible with shade.
- I want outriggers up to 27', with collapsible or fixed-length poles.
- I want the option of externally or internally rigged halyards.

## PRO CLASS

- My boat is over 30'
- I want outrigger positioning controlled beneath the hard top.
- I want a heavy-duty base with maximum durability and a longer handle.
- I like big-game fishing with the heaviest-duty outrigger that doesn't require a tower.
- I want to high-speed troll.
- I want to pull a dredge from the outrigger.
- I want to pull multiple lures & taglines.
- I want outriggers compatible with shade.
- I want fixed-length outriggers up to 30'.
- I want a full suite of optional attachment accessories for dredges and teasers.
- I want the option of converting between external and internal rigging.
- I want to replace a spreader-equipped outrigger to reduce weight, windage, and maintenance.

## GULF STREAM

- My boat is over 30' and has a tower.
- I prefer a layout-style outrigger.
- I like big-game fishing with the heaviest-duty outrigger available.
- I want to high-speed troll.
- I want to pull a dredge from the outrigger.
- I want to pull multiple lures & taglines.
- I want a full suite of optional attachment accessories for dredges and teasers.
- I want the longest available outriggers (30'+)
- I want a hydraulic-operated outrigger.
- I want to replace a spreader-equipped outrigger to reduce weight, windage, and maintenance.
