DESCRIPTION

CAPSULE is a collection of satin white 3-Dimensional ceramic deco tiles with more than enough texture to make your walls worth staring at. Deep grooves and curves make variants such as Petrarca and Torleone have stunning texture, while the groovier Gigio and Fiorellino can create both retro and ultramodern rooms. The dimension provided by this collection is made possible by using artisan production methods. A uniform soft satin white color is perfect for designing spaces that evoke tranquility and cleanliness.

INSTALLATION & MAINTENANCE

CAPSULE may be installed using standard ceramic installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.
