Lead times for specialty & non-stocked items varies depending on product ordered, quantity, and destination. Please contact Architessa to determine the lead time to order samples and material.

DESCRIPTION

FANFARE is a collection of porcelain mosaics with a versatile array of designs, colors, and finishes, all evoking coastal charm. This collection uses fun shapes and cool colors to create fun spaces with texture and detail. Several of these fun mosaics have a crackle finish, which brings distinct texture and character to spaces.

INSTALLATION & MAINTENANCE

FANFARE may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions. Crackle finish is not suitable for pool applications.
