

MADE IN THE USA

ARCHITESSA

MADE IN THE USA

When it comes to tile, where your material comes from is as important as the quality of the final product. This catalog features porcelain, ceramic, and wood products manufactured in the United States.

Sourcing tile and wood domestically has many advantages including faster shipping times, supporting U.S. businesses, creating local jobs, and a smaller carbon footprint.

ABOUT US

Arch-i-tessa

(n.) "Archit" means worshipped, honored, and respected and is an homage to Architectural Ceramics. "Tessa" is derived from "Tessera" the Latin word for mosaic tile.

At Architessa, we use our 35 years of industry experience to help our customers pick the perfect tile for their needs. Our knowledgeable representatives guide architects, designers, and specifiers through our over 100,000 tile selections to bring their visions into the real world.

Between option overload and tight deadlines, we know how important it is to make tile selection quick and easy. When so much can go wrong, we're here to help you make sure it's right.

We operate from a set of Core Values: Character, Community, Innovation and Results that Matter. These values allow us to become a better team and help service our clients in the best way possible.

OUR MISSION

Our mission is to responsibly serve our clients by sourcing materials globally to help them create elevated spaces that evoke emotion.

In 2019, Architessa was certified as a woman owned company by WBENC.

Our non-profit organization, Washington Cares, provides aid locally, nationally and internationally.

BAYWOOD	140
---------------	-----

Porcelain tile is the superior choice for those in search of building materials that are durable and long-lasting. Thanks to its non-porous nature, porcelain is resistant to freeze/thaw environments, stains, mold, germs, and scratches. It is the safe, easy-to-clean option.

Porcelain tiles almost always receive a surface glazing treatment—a coating of liquified glass material. Color body (or through body) porcelain offers additional peace of mind as the material color closely matches the glaze color so any wear and tear on the surface is less noticeable.

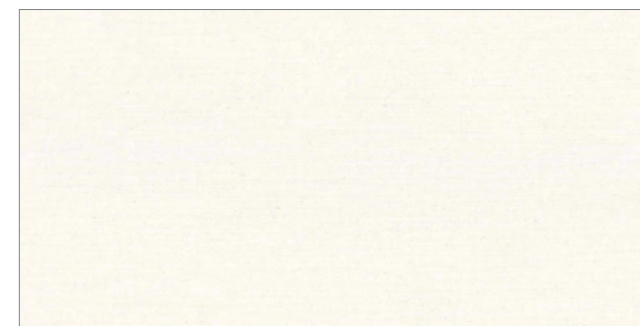

PORCELAIN

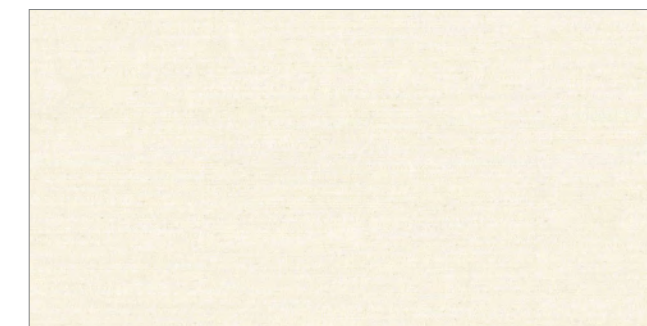

ADMIRE Silver 12x24

ADMIRE

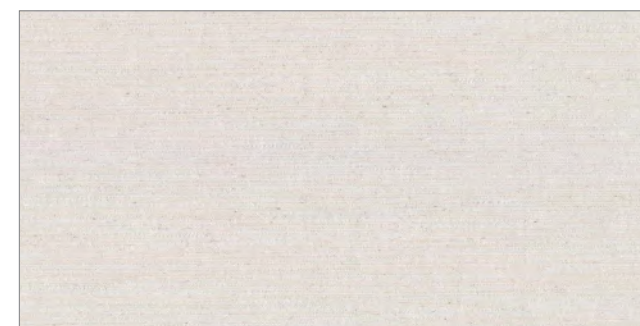

ADMIRE is a linen fabric-look porcelain inspired by the clean lines and elegant textured appearance of classic fashions.

RETURN POLICY

If you are dissatisfied with the product for any reason, you must promptly notify our customer service department in order to receive a full or partial credit of the purchase price and the return of the product.

A refund will be issued for full boxes of tile in resaleable condition, currently stocked in the same dye lot within 30 days of the date product is received or made available for pick up.

Sealing and setting materials are nonrefundable.

No returns allowed on discontinued, overstock or special order items.

Once product is installed, it may not be returned under any circumstances. It is important that you understand that once product is installed you are accepting the product without recourse.

You may return online purchases to your local showroom or contact a customer service representative for return shipping instructions.

Delivery and freight is nonrefundable.

Architessa is not responsible for installation or labor costs.

IMAGE DISCLAIMER

The color of tiles printed in this catalog may differ from actual tiles. Tile color reproductions in this catalog are representative only. Colors may differ when viewed on different monitors or screens.

Slight tone and shade variations are inherent in porcelain tiles. Before placing an order, we recommend first ordering a sample.
