## DESCRIPTION

Industrial chic meets minimalism and blends the two looks together to create SASSO, a tile perfectly suited for both commercial and residential walls and floors. This porcelain tile design features small pieces of stone embedded in a concrete medium, with scattered specks of mica glitter, providing a simple but unique design. This minimalistic porcelain tile is offered in 4 soft neutral colors and is a great standalone or companion to a feature wall. SASSO is environmentally-friendly tile and carbon-neutral tile.

## INSTALLATION & MAINTENANCE

SASSO may be installed using standard porcelain tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.
