DESCRIPTION

VANGUARD combines the high durability of porcelain with the perfect reproduction of a classic Travertine found in central Italy. This collection emulates natural stone that is indistinguishable to even the most discerning eye. VANGUARD can be used in more elaborate or more minimalist spaces.

INSTALLATION & MAINTENANCE

VANGUARD may be installed using standard ceramic tile installation methods and materials, as recommended by the Tile Council of North America (TCNA). An Architessa sales representative will advise you on general installation questions.
