

HELLO KITTY DIY PAPER FAN

Instructions:

1. Cut along the dotted lines.
2. Fold back and forth (1/2in) to create an accordion pattern along the shorter side.
3. Tie a string tightly in the middle of the folded accordion shape.
4. Glue one side of the accordion together, creating a semi-circle.
5. Glue the popsicle sticks to the leftover seams.

Ta-da! A fan to cool you off wherever and whenever!
