## For Immediate Release

### **LeisureEase Announces the Launch of Wrapsit™, the Only Portable Pet Crate Designed to Fit Outdoor Folding Camp Chairs**

Wrapsit is an innovative crate that makes your pet feel safe, secure and happy anytime, anywhere.

**Cape Girardeau, MO (February 2017)** — LeisureEase, LLC, a company founded by two pet-loving sisters in 2016, today introduced its flagship product, Wrapsit™, a soft-sided slipcover pet crate developed for on-the-go pets and their active owners.

The convenient Wrapsit slipcover crate slides easily over the legs and seat of traditional folding quad chairs. It securely fastens with hook and loop and safety clips to completely enclose the space beneath the chair's seat, instantly creating a soft, breathable, portable crate for small pets, and giving pet parents peace of mind when taking their four legged friends to events.

"Pets are an important part of any family!", said Lisa Beaty Bishop, creator of Wrapsit. "Whether pet owners are taking their furry companions to their kids' soccer game, on a trip in their RV, traveling to dog shows or agility competitions, or just sitting around a campfire, Wrapsit gives pets a safe and comfortable place to relax. However, beyond pets, Wrapsit also provides an amazing layer of security for all the stuff we love to bring along. We like to think of it as dry and discreet, whether pet or purse!"

When the day is done, Wrapsit closes with the chair and the patented rear panel wraps and secures to become the carrying case; complete with pockets, a padded handle and a convertible shoulder strap/pet leash.

Wrapsit's kennel is constructed of a tough PVC coated, polyester mesh on four sides. Once on the chair, its interior is accessible through a large zippered opening. The base is made of a heavy, coated polyester, making it waterproof and durable.

"My two chihuahuas can't get enough of our Wrapsit. We use it every weekend at agility competitions!," said Kama Rueschenberg, trainer and animal agent at AZ Animal Actors. "It's the only kennel they've ever put themselves in willingly!"

Wrapsit is available for purchase at [www.wrapsit.com](http://www.wrapsit.com) for \$60 with free shipping in the continental U.S. For more information, please email [info@wrapsit.com](mailto:info@wrapsit.com) or visit [www.wrapsit.com/](http://www.wrapsit.com/).

#### About LeisureEase, LLC

LeisureEase, LLC was founded by sisters, Lisa Beaty Bishop and Carla Beaty Collette, and offers the patented Wrapsit™ slipcover crate as its flagship product. Originally developed by Lisa to accommodate her anti-social shih tzu, Pelé, during her daughter's soccer games, Wrapsit was also quickly found useful in providing dry, secure stowage for all the personal items and extra stuff dragged to the games. Since that time, the team has focused efforts on the mesh-sided model of Wrapsit™ slipcover crate, but over the next five years, there are plans to expand the slipcover crate line to include at least three additional models with several variations each. Accessory offerings will also be added to complement the entire line or meet specific needs of individual models.
