### Cambie Design

Camille Byrne has left her quaint shop in Parkdale in favour of this crisp new space, which features a working fireplace and outdoor space. There's also a counter clad in tiles by Xenia Taler with lights above by Akai Ceramic Studio, all the better to see the pretty textiles from Morocco and Peru, my dear. Cambie Design is a trove of bright rugs and blankets traditionally woven from natural materials and sourced from market stalls, as well as striped towels, pillow covers with pompoms and wall art made in the Middle Atlas mountains. 1048 QUEEN ST W 416 516 7132 TUE-SAT 12-7, SUN 12-6 [CAMBIEDESIGN.COM](http://CAMBIEDESIGN.COM)

### Kroft

Dustin Kroft has an affinity for original, solid-wood furniture, and it shows in his made-in-Toronto collection that works as well in homes as an office or shop. He grew up in a family of home builders, and later fell in love with refurbishing mid-mod furniture. Refinishing led to making, and here we are. The trestle tables, available in a variety of species, like oak, ash and walnut finished with hand-applied oils, are handsome with a nod to Scandinavian, Japanese and Shaker styles. New to the shop: seating and side tables. 160 PEARS AVE, STE #312 416 928 5959 MON-FRI 10-5, SAT 10-4 BY APPT ONLY [KROFT.CO](http://KROFT.CO)

### Memo Showroom

Just above Peaks & Rafter's is Memo: a sister boutique showroom offering exclusive textiles. A wide, central workstation is circled by samples from U.S., U.K. and Australian fabric houses. The vast selection of colours and prints is designed to help us all break from greige. Take advantage of the upholstery and window-covering services, or pick up pillows, wool dhurries, wallpaper and printed grasscloth to go. 585 DUPONT ST, 2ND FL 647 350 3700 MON-FRI 9-5 [MEMOSHOWROOM.COM](http://MEMOSHOWROOM.COM)

### NewWall

NW's first showroom has most of its competition beat on selection, but its new downtown location goes the next level. Housed in a heritage building, the Barber Design Studio interior features chevron floors and cabinets by Talon Millwork with sliding display panels. Breathtaking wallpaper – be it Timorous Beasties' edgy illustrations, or handmade papers by La Scala Milano – is everywhere, but the wall of monitors, on which clients can see what a pattern looks like once installed, will likely be the biggest hit. 363 ADELAIDE ST E 905 238 2700 MON BY APPT ONLY, TUE-FRI 10-6, SAT 10-4 (ALSO: 4635 BURGOWNE ST, STE #12 & 14, MISSISSAUGA 905 238 2700) [NEWWALL.COM](http://NEWWALL.COM)

### Porch Modern

Owner Colen Colthurst's collection of rare, high-end and historically important Scandinavian and American furniture, as well as 20th century contemporary art and sculpture – plus his encyclopedic knowledge – make PM a favourite with savvy buyers in NYC and LA. A recent visit revealed paper sculptures by Irving Harper (a key designer for George Nelson Associates), low chairs and tables by Pierre Jeanneret (Le Corb's main man) and a poker table with retractable ashtrays by Joe Colombo for Zanotta. 344 WESTMORELAND AVE N 416 473 7789 BY APPT ONLY [PORCHMODERN.COM](http://PORCHMODERN.COM)

### Task

Anne Seally, and her impeccable eye for quality, hand-crafted design, is back, having moved her shop from Williamsburg, Brooklyn to the Beach. Inside the white space, with its original tin ceiling, are tabletops and shelves lined with the sort of rare housewares you'd expect an experienced buyer in New York to find. The tempting stock includes delicate Japanese spoons, chased brass-plated serving trays, hand-carved rosewood muddlers and soapstone sake sets. 1915 QUEEN ST E 647 345 3444 MON-SUN 11-7 [TASKNEWYORK.COM](http://TASKNEWYORK.COM)
