# Welcome to The White Swan

---

## We hope that you are going to love The White Swan as much as we all do.

Since purchasing this 230 year old building in 2016, we have worked hard to create a totally unique, welcoming experience.

The White Swan is all about choice at great value - from our selection of around one hundred gins, a great wine selection and our totally unique menu.

We love to travel, so our menu represents all of our favourite dishes that we have collected over the years. The choice on our menu is unrivalled and is carefully created to offer something for every customer - and to keep you coming back again and again to try something new. Your hardest decision will be what to order first!

Our fabulous little team (both front of house and kitchen) are totally dedicated to giving you a warm welcome and a really great experience during your visit. If you need anything just let us know!

Our food is all cooked to order, so there will be a slight wait before you get your food. We serve quality casual food which does take a little time. Rest assured that we are all working our hardest to serve you as quickly as possible.

Don't forget - if you have any allergies let us know.

Thank you so much for choosing to join us at The White Swan.

*Will & Jason xx*

*Ps: just to highlight our service charge policy (we don't want to bury things in small print!). We add a service charge of 12.5% for groups of six or more only. All service charges & tips / gratuities are divided equally amongst staff.*
