CUSTOMER SERVICE

QUALITY

We stand by the quality of our products and our excellent warranty policy reflects this.

OUR PROCESS

THE EASY STEPS

STEP 1

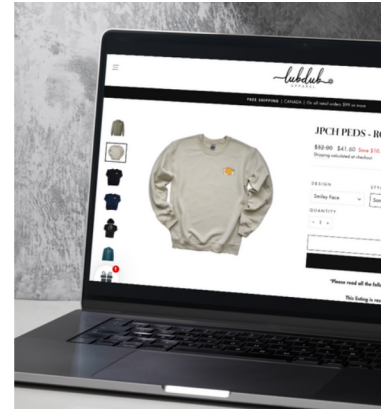

Our Customer Service Liaisons set up a **quick poll** to gather your team's top apparel preferences and design styles.

This step is **optional but recommended!**

STEP 2

Based on the poll results or your ideas, our graphic designers create **three custom designs** that capture the essence of your team.

STEP 3

Once designs and apparel options are approved, we create a **private online store** for your team to order from.

We handle all customer service and transactions.

DELIVERY

Our team organizes all orders and can either:

Ship all orders together to one location for **FREE**. Orders are individually packaged and organized in alphabetical order.

Ship each order individually to each person (\$9.99 pp).

OTHER OFFERS

Do you have funding to cover part or all of your team's orders? Let us assist you by creating a custom coupon code for your team members, offering a discount on their orders.

Post-sales, we'll invoice you or your financing department for the subsidy
