

The 6 and 7mm spiral clamps (as shown in figure 1) are designed for cables or tube in the range of 5.8 - 6.2mm and 6.8 - 7.2mm diameters, respectively.

Both clamps are specified for a maximum permissible cable tension of 13kN and spans up to 100m.

Figure 1

The clamps are available in bags of ten as per the specified part numbers in the table below:

Part No.	Description	Information
OPT-T0251	6mm Clamp	Bag of 10
OPT-T0252	7mm Clamp	Bag of 10
