ULTIMATE GUIDE

to

Holiday Cleaning

All we want for Christmas is a safe and healthy holiday season for everyone. The CDC doesn't recommend gatherings, and we don't either. No matter what you're planning, check out their holiday gathering guidelines as well as [your local and state guidelines](#) too.

PREPPING FOR THE CELEBRATION:

- Move and rearrange furniture to open up space for social distancing.
- Provide hand sanitizer, soap and water, distance markers, and masks.
- Wipe down and sanitize all high-touch areas (door knobs, light switches, etc.)
- Keep Lemi Shine Multi Surface Antibacterial Spray Cleaner on standby for quick clean ups.

DURING THE CELEBRATION:

- Use a separate, dedicated, and lined trash can to dispose of food, paper plates, disposable utensils, and other trash from the event.
- Use disposable gloves when removing garbage bags, handling, and disposing of waste.
- Wash your hands thoroughly afterward.
- Clean your hands after taking off gloves or handling touched or used items.

CELEBRATION CLEAN-UP:

- Use Lemi Shine Multi Surface Antibacterial Spray Cleaner to sanitize tabletops and frequently touched areas in your home.
- Wash dishes and utensils using disposable gloves, hot water, and Lemi Shine Dishwashing Detergent Pods.
- Survey your home and clean the areas with major traffic—assess which areas need deep cleaning.
