

250-8290 Quad-View 9-Inch LCD Monitor

Part Number: Multiple. See Below.**Warranty:** 3 year/36,000 Mile Warranty**Availability:** Immediately Available.**Applications:** Universal

At Rostra, we are pleased to announce the availability of a unique addition to our RearSight and Sentry Pro-Grade HD line of heavy-duty LCD monitor options. Now available for sale, part number 250-8290 provides drivers with a heightened sense of security while on the road through real-time audio/visual feedback from multiple cameras placed around their vehicle or trailer. With the ability to connect up to four cameras, and options for viewing one, two, three, or all four cameras on the screen at the same time, drivers can maneuver their vehicle in confidence through the elimination of blindspots.

The Rostra Accessories Difference

At Rostra Accessories, precision manufacturing is at the heart of all that we do. As a company with an intense focus on quality control, we openly submit our manufacturing processes to annual inspections and are proud to carry both **ISO 9001:2008** and **TS 16949:2009** certifications. As well, Rostra employees receive training in Six Sigma process improvement strategies. Our customers know that when they buy a Rostra products, they are getting quality components every time.

Our product validation facilities allow us to simulate extreme real-world conditions including tests for hot and cold temperatures, along with ingress protection (IP) and vibration. Rostra parts go through 400+ of hours of testing in our lab environment.
