WallStar is a durable pure aluminium wall light suitable for direct outdoor weather exposure with a rating of IP65.

The 2 x 5 watt integrated LEDs are complemented by an optical design which ensures a beautiful and even diffused light that is ideal for many commercial and domestic installations. The wide 60° beam angle is perfect for the most common installation heights associated with this type of luminaire.

| Voltage | Power | Emitting colour | Kelvin (CTI) | Lumens / watt | Delivered lumens |
|---------|-------|-----------------|--------------|---------------|------------------|
| 240V | 10w | Warm white | 3000k | 91 | 720 |
| 240V | 10w | Natural white | 4000k | 81 | 810 |
| 240V | 10w | Daylight | 5000k | 78 | 780 |

| Colour rendering | IP Rating | Dimming | Beam angle | Fitting colour | Dimensions |
|------------------|-----------|---------|------------|----------------|----------------|
| >80 | IP65 | No | 60° | White / Black | Ø95 x 71 x 225 |
