

Dura-Lite Podcast Series

A series of bite-sized podcast episodes that allow you to understand why Dura-Lite™ products are so successful in the heavy-duty heat transfer products industry.

Episode One - Charge Air Cooler

Dura-Lite Evolution® charge air coolers (CACs) are the best in the industry for several key reasons. Our reputation for high performance and durability, especially in demanding heavy-duty applications like trucking, construction, and motor coaches makes us stand out from the competition.
