ABOUT UNISYNC

Unisync is a broad-based vertically integrated North American enterprise with exceptional capabilities in garment design, domestic manufacturing, and off-shore outsourcing, including state-of-the-art web based B2B ordering, distribution, and program management systems. Unisync operates through two business units: UGL and Peerless.

UGL provides full-service, managed apparel programs for major corporations and government-related entities through operations across Canada and has expanded into the US marketplace through the establishment of a 45,000 sq. ft. distribution and service facility in Henderson, Nevada, and a sales and service facility in Lakewood, New Jersey. The Nevada facility is now staffed and distributing new uniforms for the launch of its first major US based airline account which is currently rolling out its new designs to employees. UGL's customer base includes a broad list of North American iconic brands as well as municipal and provincial agencies across Canada.

Winnipeg based Peerless specializes in the manufacturing and distribution of highly technical protective garments, military operational clothing, and accessories for a broad spectrum of Federal, Provincial and Municipal government agencies in Canada.
