

## Update on Government Contract Awards and Opportunities

TORONTO, Sept. 09, 2019 -- **Unisync Corp. (TSX: "UNI") ("Unisync")** is pleased to announce that Public Works and Government Services Canada ("PWGSC") has recently awarded two additional contracts totaling approximately \$3.5 million to its subsidiary, Peerless Garments LP ("Peerless"). The contracts involve the production of advanced search and rescue uniforms and static dissipative rain suits for the Royal Canadian Navy. The firm portion of these contracts amounts to \$2.0 million with the option portion exercisable over the next three years.

PWGSC has also issued a formal request for proposals for a managed program involving the transfer and ongoing management of all of the existing operational clothing, footwear and related accessories for the Canadian Department of National Defense ("DND") estimated at \$1.2 billion over the potential twenty year term of the contract (the "OCFC2" contract). Each OCFC2 item will require a certain percentage of Canadian Content following the Rules of Origin for Apparel, Modified Rules of Origin for Textiles and NAFTA rules.

Peerless has been the leading prime contractor for the manufacture and provision of operational clothing and accessories to the DND for over 40 years. The proven Canadian production capabilities and technical product knowledge of Peerless in combination with the state-of-the-art inventory planning and reporting systems, as well as web-based member ordering and delivery systems of Unisync Group Limited ("UGL"), establishes Unisync as a prime contender for this major business opportunity. The deadline for bid responses is February 28, 2020 with final award expected by the fall of 2020.

### ABOUT UNISYNC

Unisync is a broad-based vertically integrated North American enterprise with exceptional capabilities in garment design, domestic manufacturing, and off-shore outsourcing, including state-of-the-art web based B2B ordering, distribution, and program management systems. Unisync operates through two business units: UGL and Peerless.

UGL provides full-service, managed apparel programs for major corporations and government-related entities through operations across Canada and this year has expanded into the US marketplace through the establishment of a 45,000 sq. ft. distribution and service facility in Henderson, Nevada, and a sales and service facility in Lakewood, New Jersey. The Nevada facility is now staffed and starting to receive and kit new uniforms for the launch of its first major US based airline account which is scheduled to officially rollout its new designs in the first half of fiscal 2020. UGL's customer base includes a broad list of North American iconic brands as well as municipal and provincial agencies across Canada.

Winnipeg based Peerless specializes in the manufacturing and distribution of highly technical protective garments, military operational clothing, and accessories for a broad spectrum of Federal, Provincial and Municipal government agencies in Canada.
