**Pre-Class Prep and Supply List**  
**4 pages to download and print out**

Hello,

I look forward to meeting all of you for the Glam Clam Quilt class. Included is some pre-work and a few ideas to make our class more effective. At the end you'll find a few pages of layout ideas and a coloring page.

Choose from either the 8", 9", 10" or 12" Clammy to make the Glam Clam Quilt. (Save the 6" to play with after class!) If this is your first time sewing curves, then I suggest going bigger with the 10" or 12" Clammy. They are so much quicker and easier - trust me! You can purchase the pattern and template from the Stitchin' Post (<https://stitchinpost.com>).

You can select to work towards any size. You may finish a baby quilt out of a Clammy 12". You can get a lot done on larger sizes and will go home confident enough in the technique to be able to finish your quilt easily.

**Pre-Work**

Your homework before class is to **cut out your whole clamshells**. This can take a while and I don't want your whole class to be spent cutting out clamshells. If you can't cut them all out, then at least cut out the first three rows. (Don't be afraid to stack fabric and cut out more than one at a time!) We will cut out the peripheral shapes - sides, top, bottom, etc. during class.

**Layout**

Due to limited room in classroom, it's best to make most layout decisions before class as well. Hint: scrappy is a great way to go for class! On the next few pages are some layout ideas for you to think about. Also, there is a coloring sheet for your use. Check out the #glamclamquilt hashtag on Instagram for further inspiration.

Feel free to reach out to me at [info@latifahsaafirstudios.com](mailto:info@latifahsaafirstudios.com) if you have questions!

Thanks! And I look forward to meeting you and sewing with you.

# Supplies for Class

## Supplies:

Sewing Machine

Glam Clam Quilt pattern

The Clammy™ 8", 9, 10" or 12" acrylic template

Fabric requirements vary by size and are included in the pattern

Coordinating thread for piecing

A few straight pins

Rotary Cutter (45 mm is good for 10" and 12"; 28 mm is good for The Clammy™ 8" and 9")

Cutting Mat

Small Acrylic Ruler - at least 12 1/2" Long

## Optional Supplies:

1/4" foot with flange for your sewing machine - strongly suggested

Knee lift - if your machine has one bring it

Stiletto (like The Purple Thing)

## Glam Clam Layout Options

There are MANY options for the layout of your Glam Clam quilt! Check the #glamclamquilt hashtag on Instagram for a TON of great quilts. Here are a few ideas. On the last page there is a coloring page where you can play and come up with your own layouts! The pattern has coloring pages included specific to your quilt and Clammy™ size.

The Glam Clam to the right which was designed for Robert Kaufman, clams are grouped with like colors with pops of brights.

# More Layouts

These two quilts are both scrappy, scrappy, scrappy! Scrappy is fun and easy and a great layout option for Glam Clam quilts! Neon and Neutral on the left has a strategic selection of tan neutral fabrics with pops of neon yellow, red and blue. First Kiss on the right is just a fun scrappy quilt.

Ombre or in (sorta) color order! Each successive row includes a slightly darker color. Can be made with prints or solids.

Rainbow - in color order! Once again, can be made in solids or prints.
