

CLASS A PYGMY HOG® SERIES

C7103

C7102

Common setup with the C1004 Dual Connector

The Pygmy Hog® Self-Retracting Lifeline (SRL) is a Web SRL manufactured with a durable Ultra-high-molecular-weight Polyethylene (UHMWPE) & Polyester lifeline. It is designed to be the best mini retractable on the market. Extremely lightweight, the Pygmy Hog® is portable and can be used either in mobile or stationary applications. Available with a variety of connector configurations, the Pygmy Hog® is built to work as a single unit, or when used with an authorized connector, as part of a dual unit system.
