

MALTA DYNAMICS

THE INDUSTRY'S TOUGHEST SRL **GUARANTEED!**

# CLASS B RAZORBACK™ SERIES SELF-RETRACTING LIFELINES

Built tough with rugged capability and a state of the art design to eliminate cable backlash, the Razorback™ SRL provides outstanding performance and the dependability expected with the Malta Dynamics name. This is the ultimate work SRL. It features an impressive new braking mechanism designed to reduce space in the housing – that means NO backlash, and that means less downtime on the job. Combined with the hard aluminum shell, this bad boy can handle the toughest trades.

The Malta Dynamics Razorback™ Series of Self-Retracting Lifelines (SRLs) are manufactured from non-corrosive, lightweight components and are built to be the toughest, most durable SRLs on the market.

Designed by Experts in the Concrete and Masonry Industry. This product includes a **LIFETIME WARRANTY** and is **100% Satisfaction Guaranteed - Or Your Money Back!**
