

CLASS A EDGEHOG LEADING EDGE SRLS

Malta Dynamics' Leading Edge SRLs provide you and your workers with foot level tie-off and sharp edge applications. This compact and lightweight Leading Edge SRL offers a quick-action braking system, swivel top and slide lifeline exit with a rubber ergonomic handle. With a maximum arresting force of 1,800 lbs. and a light connector for single-leg SRL direct attachment to harnesses, this high-quality equipment is a must-have for your work site. Comes equipped with a built in backpad to make wearing the SRLs on your back much more comfortable.
