

No. 96633-4-5N

Cabled Trim Jacket

Although we make every effort to prevent errors from being published, we regret that they do occur and apologize for any inconvenience this may cause. We are sorry, but we made a correction to the instructions for the Cable Detail worked in the center of the Back (3rd column, top part of page 3). It should be measured from top of ribbing, not from cast on. Please note the **new** instructions below. Also note, there may be more than one revision to a pattern.

Repeat these 2 rows for ribbing until band measures same length as Bottom Band of Fronts, ending after a Row 2 and dec one st in center of row - 46(50, 54, 58, 64) sts.

Now beg with a k row, work in St st for 20 rows or until piece measures 6" [15 cm] from **top of ribbing**, ending after a p row.

Now add cable detail as follows:

We apologize for any inconvenience. Patterns are corrected as of June 28, 2022.
